TABLE E.—Population, Births, Deaths, Infant Mortality, Natural Increase, 1932. — England and Wales, Geographical Regions, Counties, County Boroughs, Other Urban Districts, Rural Districts.

Note.—The estimates of population shown in the following table have been based primarily on the 1931 Census returns (*see* Section "Population" in Text). An * denotes change in boundary during the year, and the population has, in each case, been adjusted in order to make it comparable with the records of births and deaths. The mid-year population of these areas, as constituted after the change in boundary, will be found in Appendix (iii). The births and deaths exclude still births. Deaths are transferred to the area of residence of the deceased person; births occurring away from home have been transferred to the area of residence of the mother. Deaths of non-civilians are included throughout this table.

Regional Summary.—The country has been re-divided into regions, after consultation with other Government Departments with a view to securing greater homogeneity in the character of the sectional populations than was provided by the old grouping into North, Midlands, South (including London) and Wales. In order to maintain continuity the parts of the new "South East" region comprised in the former "Midlands" and "South" respectively, are shown separately. "North" and "Wales" are identical in both groupings, "Midlands" comprises "Midland" and "East" together with the Midland section of "South East"; "South (including London)" comprises "South West" and the Southern section of "South East".

The counties in the various regions are as follows :—

CENSUS OF ENGLAND AND WALES, 1931

Census volumes in respect of the counties of England and Wales have now been published and are obtainable from His Majesty's Stationery Office at the addresses on the cover of this publication.

Each volume contains particulars of the 1931 populations of all Boroughs, Urban Districts, Rural Districts, Civil Parishes, Wards of Urban Areas, Parliamentary Constituencies and certain Judicial Areas within the County together with statistics relating to Sex, Age, Marital Condition, Acreage, Private Families, Dwellings, Rooms and Institutions.

Parts I of the series, which are complete, relate to the areas as constituted at the date of the Census. Parts II will deal with the changes in boundary effected by County schemes under the Local Government Act of 1929, and will provide a limited range of statistics in respect of the newly constituted areas.
