LABOUR IN FOR BRITAIN

LABOUR
IN
FOR JOBS

British jobs will be at risk if we leave the EU.

3 million jobs depend on trade with Europe – we need to stay to protect working people and vital industries, like manufacturing, which sell their products abroad.

LABOUR
IN
FOR THE NHS

Leaving the EU would hit the economy – even the Leave campaign admit this is the case. This would mean less money for our NHS and other vital public services.

LABOUR SAYS VOTE REMAIN FOR:

LABOUR
IN
FOR RIGHTS
AT WORK

Our rights at work are guaranteed because of the EU.

Paid holiday, equal pay, parental leave and protections for agency workers are all protected by the European Union. Without the EU, a Tory government would be free to launch an assault on these rights, leaving people worse off.

LABOUR
IN
FOR LOWER
PRICES

Being in Europe gives us lower prices – holidays, cars and the weekly shop are all cheaper because we're in. Leaving would result in a huge shock to Britain's economy which would leave working people worse off.

BRITAIN'S FUTURE

“The European Union needs reform, but Britain is better off IN. If Britain leaves then jobs, rights at work, the NHS and lower prices would be at risk. Working people would have less protection from a Tory Government which has shown it won't stand up for them. We can best tackle the major issues facing us this century – like migration, corporate tax avoidance and strengthening workers' rights – by working within the EU.”

Jeremy Corbyn

Leader of the Labour Party
