

STAYING IN EUROPE: 790,000 MORE JOBS BY 2030

(Source: Centre for Economics and Business Research)

A BRIGHTER
FUTURE ||| N

For a brighter future for Wales vote to remain in the EU:

LOWER PRICES

Being in Europe means lower prices in shops in Wales, with the average UK household saving over £350 a year

(Source: London School of Economics' Centre for Economic Performance)

BETTER JOB PROSPECTS

100,000 jobs in Wales are linked to our trade with the EU *(Source: HM Treasury)*.

Being in the EU will create another 790,000 UK jobs by 2030 *(Source: CEBR)*

EASIER TRAVEL

We can all travel, work, study and retire in the EU, without visas, giving us opportunities now and in the future

TACKLING CLIMATE CHANGE

Working with our European neighbours we can tackle climate change more effectively. EU laws protect our environment

MORE MONEY FOR THE NHS

Being in the EU adds up to £91 billion a year to our economy *(Source: CBI)*, giving us more money to invest in the NHS and medical research

ERASMUS

Every year 15,000 UK students study abroad on the Erasmus programme. UK universities benefit from almost £1 billion of EU funding a year *(Source: European Commission)*

A BRIGHTER FUTURE IN EUROPE
