Mr. Hugh A. Franklin,

Dear Mr. Franklin,

The enclosed letter explains what the Committee has been formed for. We made it a women's committee for technical reasons. What I am asking your help in is to put me in touch with any old suffragettes addresses you have, who are really advanced in their views and might join in the delegation to Italy, either paying their own expenses or if we can get somebody to pay for them. We must have women who are absolutely staunch and not liable to be bowled over by Fascist agents.

Of course, if you are in touch with anyone who might pay the expenses of some of the delegants, it would be a great help.

If you have any suggestions about this, will you please ring me up?

Yours sincerely,

E Sylvia Pankhurst
