

Let's give our *NHS* the  
**£350 million**  
the EU takes every week

Vote Leave, take control on 23 June

**If we Vote Leave** and stop sending £350 million per week to the European Union we can spend our money on our priorities like the NHS.

- **EU immigration puts pressure on the NHS** – and it will only get worse if we stay in the EU. More countries including Serbia, Albania and Turkey are set to join.
- **The EU wants to take control of the NHS.** The European Commission has said we should “manage health issues at EU level” and the secret TTIP trade deal will let big US companies buy up parts of our NHS.
- **EU regulations** like the clinical trials directive are making it harder to introduce new life-saving drugs.

If we vote to stay in the EU, our NHS will be in danger. The safer choice is to Vote Leave so we can spend our money on our priorities.

“The NHS is facing a crisis due to growing demand for healthcare and a squeeze on funding. If we Vote Leave we will be able to stop handing over £350 million a week to Brussels and we will be able to instead spend our money on our

priorities like the NHS. This will improve patient care.”

**Gisela Stuart, Labour MP for Birmingham Edgbaston**
