REPORT

ON THE

Third Census of the Population of the Union, 3rd May, 1921.

PART V. BIRTHPLACES (EUROPEANS).

INTRODUCTION.

The figures contained in the tables included in this Part show a natural progression in the direction of an established European population of the Union, the proportion of those born in the Union of South Africa having increased from 796 per thousand of the total European population in 1911 to 840 per thousand in 1921. This increase, as will be seen by reference to Table 3, is more marked in the case of the male than the female population. In the Provincial distribution of the population the single exception to the above progression is the Cape Province, and the most remarkable evidence of progression is to be seen in the case of the Transvaal-born, following naturally the increase of the population of this Province.

The number of persons born in the United Kingdom decreased during the decennial period by 16,837 persons. In all cases of those born in the United Kingdom the decrease occurred amongst the male section, and in every case there was an increase in the case of the female section, a clear indication of tendencies to a more settled population.

The number of those born in Germany decreased from 12,798 to 8,360; the number born in Holland remained practically stationary; and the number born in Russia and Poland increased from 24,839 to 27,793.

The number of those who failed to specify their birthplaces increased from 198 in 1911 to 2,306 in 1921, an indication, it must be taken, of a reluctance to disclose the country of birth which was not noticeable in 1911. The number of those who failed to specify their length of residence was 1,606, while the number of those who failed to specify their nationality was only 276.

Further tables give particulars of the length of residence in the Union of Europeans who were born outside the Union, the details being distributed according to the country of birth. Table 9 gives in detail the birthplaces of Europeans (foreign subjects) in the Union. Table 10 gives details of the number and percentages of persons of each specified nationality in the Union, distinguishing between urban and rural areas. Table 11 gives the marital condition of naturalized British subjects classified according to the country of birth. In this connection, it is worth remarking that the statement of naturalization is not infrequently given by persons who have never received naturalization papers, but have assumed collective naturalization as the result of territorial inclusion in what is now the Union. For this reason, it must not be deduced that the figures given in the table referred to cover only those

persons who have been individually naturalized under the Naturalization Law.

A closer analysis of the figures given in this Part, and a correlation of the figures relating particularly to birthplace, nationality, and length of residence is given in the Final Summary and Report. It will be found that very interesting light is thrown upon the racial and national elements of the Union population.

The three questions on the Census Schedule from which the figures in this Part have been derived were as follows:—

Nationality.	Birthplace.	Length of Residence in South Africa of Persons Born Outside South Africa.
State the Nation of which you are a Subject.	If born outside South Africa (which for this Census includes South-West Africa and Northern Rhodesia) state the country only.	If born outside South Africa, state the Length of Residence in South Africa in Years.
If a British Subject by Naturalization, write—"BRITISH N."	If born in South Africa state whether—"CAPE," "NATAL," "TRANSVAAL," "O.F.S.," "BASUTOLAND," "BECHUANALAND PROT.," "RHODESIA," "S.W. AFRICA," or "SWAZILAND."	If Length of Residence is less than One Year, write—"UNDER ONE."
15	16	17

There was apparently no possibility of any misunderstanding, and the omissions to supply information referred to above as to birthplaces are due to other circumstances, and were doubtless in most cases deliberate. It need only be pointed out that failure to answer the question is to be preferred to mis-statements which might otherwise have been resorted to by those who preferred not to disclose their birthplaces.

C. W. COUSINS,
Director of Census.

Union Office of Census and Statistics,
Pretoria,
24th April, 1923.

VERSLAG

VAN DE

Derde Volkstelling van de Unie, 3 Mei 1921.

DEEL V.—GEBOORTEPLAATSEN (EUROPEANEN).

INLEIDING.

De cijfers vervat in de tabellen welke in dit Deel zijn opgenomen, wijzen een natuurlike vooruitgang aan in de richting van een gevestigde Europese bevolking van de Unie, daar de verhouding van hen die in de Unie van Zuid-Afrika geboren zijn, vermeerderd is van 796 per 1000 van de totale Europeesche bevolking in 1911 tot 840 per 1000 in 1921. Deze vermeerdering, zoals uit Tabel 3 kan gezien worden, is groter in het geval van de mannelijke bevolking. In de Provinciale distributie van de bevolking maakt de Kaap Provincie hierop de enige uitzondering uit en de meest opmerkelijke getuigenis van de vooruitgang ziet men in het geval van de geboren Transvalers, welke overeenkomt met de natuurlike vermeerdering van de bevolking in deze Provincie.

Het aantal personen in het Verenigd Koninkrijk geboren verminderde gedurende het tienjarige tijdperk met 16,837 personen. In alle gevallen van deze in het Verenigd Koninkrijk geboren personen viel de vermindering voor onder de mannelijke afdeling en in ieder geval was er een vermeerdering in het geval van de vrouwelijke afdeling, hetgeen een duidelijk bewijs is van de ontwikkeling tot een meer gevestigde bevolking.

Het aantal van in Duitsland geboren personen verminderde van 12,798 tot 8,360, het aantal in Holland bleef nagenoeg stationair en het aantal dat in Rusland en Polen geboren was vermeerderde van 24,839 tot 27,793.

Het aantal van hen die in gebreke bleven hun geboorteplaatsen op te geven, vermeerderde van 198 in 1911 tot 2,306 in 1921, wat als een aanduiding moet worden genomen van tegenzin om het geboorteland te openbaren, hetgeen in 1911 niet merkbaar was. Het aantal personen dat verzuimde om verblijfduur te specificeren bedroeg 1,606, terwijl het aantal van hen die in gebreke bleven hun nationaliteit op te geven, slechts 276 was.

Verdere tabellen geven bieuonderheden van de verblijfduur in de Unie van Europeanen buiten de Unie geboren en de details zijn verdeeld volgens land van geboorte. Tabel 9 geeft in detail de geboorteplaatsen van Europeanen (vreemde onderdanen) in de Unie. Tabel 10 bevat bieuonderheden van het aantal en de percentages van personen van elke bepaalde nationaliteit in de Unie met onderscheid tussen steden en buitendistricten. Tabel 11 geeft de huwelijksconditie van genaturaliseerde Brits onderdanen gerangschikt volgens geboorteland. In verband hiermede dient opgemerkt te worden dat de verklaring van naturalisatie niet zelden door personen gegeven wordt, die nooit naturalisatiebrieven hebben ontvangen, doch kollektief zijn genaturaliseerd tengevolge van de insluiting van land in wat nu de Unie is. Om deze reden moet men dus niet tot de gevolg trekken dat de in de tabel

gegeven cijfers alleen die personen betreffen, welke persoonlik volgens de Naturalisatielwet zijn genaturaliseerd.

Een nauwkeuriger analyse van de cijfers in dit Deel opgenomen en een korrelatie van de opgaven, in 't bieuonder betreffende geboorteplaats, nationaliteit en verblijfduur, wordt in het Eindoverzicht en Verslag gegeven. Men zal vinden dat een zeer interessant licht wordt geworpen op de nationale en rassen-elementen van de Uniebevolking.

De drie vragen op de Census Schedule, in verband waarmee de cijfers in dit Deel zijn verkregen, waren als volgt:—

Nasionaliteit.	Geboorteplaats.	Holland Personen wet Buite Suid-Afrika Gebore is al binne Suid-Afrika Woon.
Meld Nasie waarvan u	Indien Buite Suidafrika Gebore (wat vir hierdieensus Suidwesafrika en Noordelike Rhodesia insluit), meld dan alleen Geboorteland.	
Indien Britse Onderdaan deur Naturalisatie, vul in—	Indien in Suidafrika gebore meld of—"KAAP," "NATAL," "TRANSVAAL," "O.V.S.," "BASUTOLAND," "BECHUANALAND PROT.," "RHODESIA," "SUDWES-AFRIKA," of "SWAZILAND."	Indien minder dan Een Jaar, skryf dan "ONDER EEN."
"BRITISH N."	Indien op See Gebore, skryf "OP SEE."	

Er bestond klaarblijkelijk geen mogelijkheid van enig misverstand en het bovengemelde verzuim om informatie te geven betreffende geboorteplaatsen moet aan andere omstandigheden worden toegeschreven en was ongetwijfeld in de meeste gevallen opzettelijk. Het behoeft ternauwernood opgemerkt te worden, dat verzuim om de vraag te beantwoorden, te preferen is boven onjuistheden, welke anders door die personen worden ingevuld, welke hun geboorteplaats niet wensen te openbaren.

C. W. COUSINS,
Censusdirecteur.

* Decrease due to race classification in 1921. The figures for 1911 include a number of non-Europeans.
Vermindering te wijten aan rasklassifikatie in 1921. De cijfers voor 1911 sluiten een aantal non-Europeanen in.
