Three facts about the EU

1. The EU costs us £350 million per week

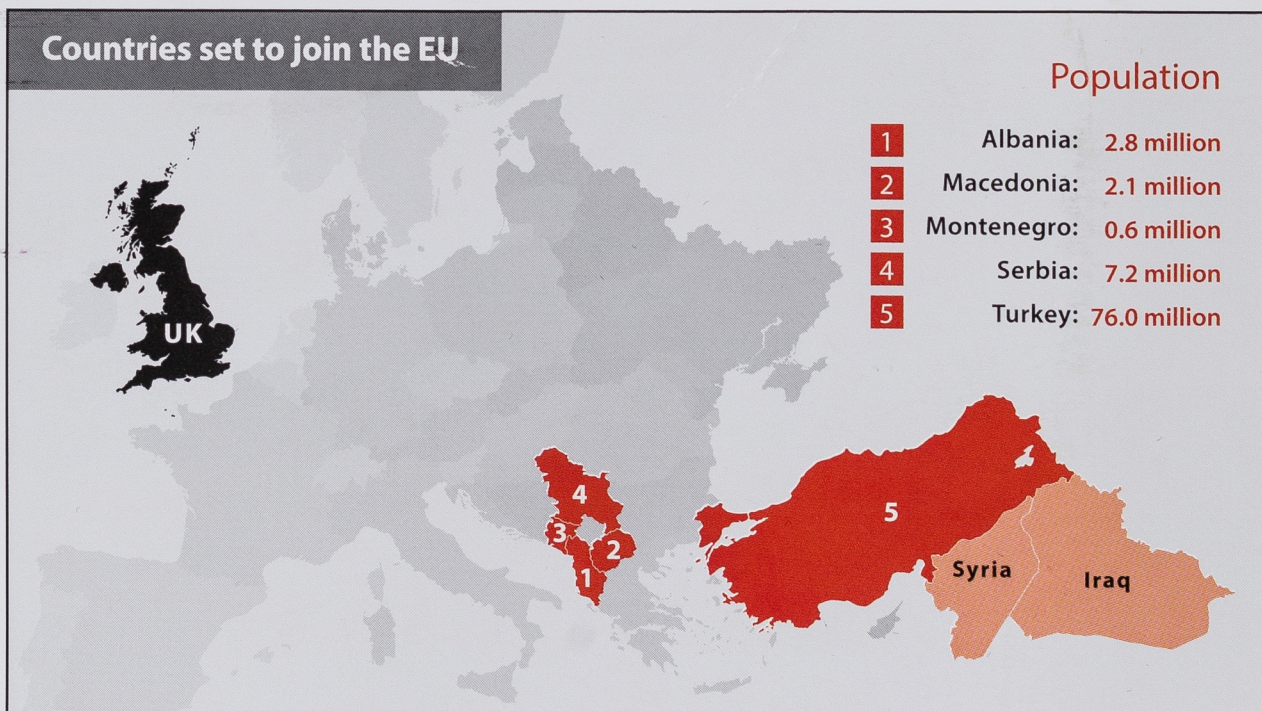

If we Vote Leave, we can spend our money on our priorities like the NHS, schools and housing.

2. Five new countries are about to join

Turkey, Albania, Serbia, Montenegro and Macedonia are the next countries the EU wants to let in. Together they have a population of 88.7 million.

3. More than 250,000 people came here from the EU last year

That's a city the size of Newcastle in just 12 months. When new, poorer countries join, that will only increase the pressure on our schools, NHS and housing.
