Dear Mr Fielden,

I am very vexed that those photographs have
never been sent to you & I have written them many times
Street to enquire & request! I hope you will now receive
them almost at once.

So many thanks to you for the newspaper cuttings. They are
all most kind: but of course I did not become president
of the N.A. in 1869 when I was aged 20 & the N.A.
did not exist! but such is the way of newspapers. I
do not think it is worth while to correct the error being
nearly all fell into. These are now lodged at your cutting
but they shall be returned to you. You very sincerely
M. G. Dawkins
