Dear Mrs Fawcett

Permit me to express my great regret that you should have thought it right not only to take part in the "peace" meeting last night ^{but} ~~and~~ also to have allowed the organisation of the National Union to be used for its

promotion. Action of that
kind will undoubtedly make
it very difficult for the
friends of Women's Suffrage
in both the Unionist &
Ministerial parties. ~~But~~
~~to~~ Even to me the action
seems so unreasonable
under the circumstances
as to shake my belief in

the fitness of Women to
deal with great Imperial
questions & I can only
console myself by the
belief that in this matter
the National Union do
not represent the ^{opinions} ~~belief~~ of
their fellow country women

yours truly
