TORONTO

July 12th - 1921

Dear Trevor

Expecting my papers
this morning & hearing the door I
jumped up to find your packet instead
& to say I was glad to hear from
you would be to say little - I do feel
it is rather noble of you to write as
you have done & you have taken
a great load off my mind, for the
feeling left of desolation was great,
I certainly will write and consult -
you but I do hope that things have
really taken a turn for the better &
that March quarter (or rather I get it

There was peace & entirely through
him Surely in Paradise, those who
have gone before will tell ^{him} me.
Now they have sung his praise for his
goodness to others - Mr. D. son & others
who have seen the announcement -
In the papers say one of the same
thing "a life nobly spent" One thing
I do want, his photo. I haven't one.
Mrs. Becker was so brave & good
in writing (she told me that
anxiety he had before his illness
but forbade me naming it in
my letters) & I do hope the
rest & quiet will do her good. I shall
love to see you any time you know
that don't ^{you} can put you up?
& do you ^{send} me extracts - I shall
keep your letter, so on one more
thing - How dear Wilfred is gone
Mrs. Becker will come into my

extensive!! property & you after
that - ~~that~~ for Sugarplum.

Yrs affectionately
Daisy E. Price

P.S. I. P. M. Quarter just come
not the bumper of March but
decidedly better ^{than} last June -
Thanks heaps -

a month after quarterday) was so good, the June quarter may be very nearly as good too - Thank you so much for the £5 which I shall get in the ^{back} next Sep, when I shall certainly use it for that purpose, it is too hot (77 in my bedroom) & every place & railway station crammed now the strike is over -

The "In Memoriam" I shall greatly prize, though I ~~don't~~ wanted nothing to keep him in my mind, the dear Saint for he was nothing else. I shall never forget his coming into this room 12 years (25th July) ago. The day after Katie died, I feeling ^{the} like a block of ice - dead with fatigue (for I had not had a doctor, 12 years) & his "well Johnny. This is sad, tell me all about it." From that moment
