Dear Mrs Walsh, I am sure you  
must indeed be anxious to see  
your son -

The Peace Crusade. It is only one  
1/- for life membership they ask!

Anti-War movement. Yes I belong  
to the authors' group which is inactive. We  
have only once been called together. Three  
persons were there appointed to represent us. We  
had no choice for the secretary told us  
me 3 persons the Council wanted and  
we said "yes". I fear the anti-war

Council will not get many beyond the Communist Party. It is too much connected with it. I doubt whether average people will come in.

Yes, I am a Communist too, but not of the Communist Party. They played a sad part in Germany - always crying revolution and never doing it. One should not cry "wolf" all the time.

The Peace Crusade leaving the methods to the individual conscience might draw many people who will not join the Communist Party.

Yours sincerely  
E. Gloria Parkhurst.

Yes Richard is a pride and joy to me -
