

REID'S HOTEL

PATRONIZED BY T. R. H.
PRINCE AND PRINCESS
ARTHUR OF CONNAUGHT

AL/264

27th March 1935.

Dear Sir,

Your letter of the 18th inst. has been forwarded to me here where I am away on holiday. I regret that on this account it has been left unanswered.

With regard to your enquiry about the Beechcraft, I am afraid I do not have with me the official pamphlets, but the following are brief details:

Cabin biplane, exceptionally comfortable, with an interior similar to a luxurious motorcar. Holds 4 or 5 people - side by side dual control - ample luggage accommodation. Range 1,000 miles; Cruising Speed 152 mph; top speed 175 mph; Landing speed 50 mph. Retractable undercarriage; navigation lights; all necessary instruments. Price £2400 delivered at any 9

MADEIRA

Aerodrome You prefer 6 weeks from date of order.

My own demonstration Beechcraft is at the Rolleston Aircraft Works, Croydon Airport, where you can inspect same, & Capt. Rolleston will be happy to give you details of its performance. It is an ideal machine for cruising & travelling as it is simple to fly; easy to operate & gives the illusion of travelling in a motorcar. I hope these remarks will interest you.

Aerodrome

Yours truly,

Harry Hollison
