

Victoria Lyceum. Berlin. Jan. 7th 03

174/3818

Many thanks, dear Penelope, for your
letter, the book, pins, pens and painted
cards, with which you kindly presented
us and which all came to hand. I

hope you received my mislaid letter
after all. I now write to ask for

the address of Fr. Leyn during her
stay at Berlin. I should so like to
see her and inquire after you all.

You do not say where you will
spend your Xmas holidays. I suppose
they last till the end of January.
Love and thanks, also from my sisters.
Yours affectionately.

of the own
V. G. G.
