Dear Miss Leslie,

Generally speaking, I would
say "No" to the question you put - "Can Women
Control Men in the World of Work?".

My conclusion is, I think,
justified by both opinion and experience. All
the same, it is true that some women can and do
direct and manage Works and Businesses in a most
efficient manner. But the control of great
bodies of men at work is a different matter.

Yours sincerely,

J.R. Clynes

Miss Vera Leslie.
