Dear Mr. Edwards,

I am sending you  
the autographs of  
Jenny Kemble which I  
said you w<sup>d</sup> like. Also  
one of Mr. Opie's - which  
seems worthy of your splendid  
Collection

I think we must have  
done the engraving of  
Mr. Kemble in the  
center, from the picture  
of Sir Thomas Lawrence  
speaking his picture

she wrote; —

I think the Lawrence's  
would we ~~would~~ have the  
best & liked thing we  
can have of me "  
When I knew her first  
(about 1850) she had  
already ceased to resemble  
this lovely young woman

but she was a  
splendid matron, -  
"a woman and a half"  
as one of my venturers  
said of her - "So many  
people as you ever" - as  
Miss Bremer wrote to her  
I trust the name will  
be all right & with many  
thanks for your kind entertainment  
of my friend, ever dear  
Edward of G. P. Cobbe
