Dear Miss Palliser,

I daresay you will

not remember that I had
the honour of meeting you
for 2 minutes at Adel
Grange last summer &
then told you - a Miss
I. Ford did - of a scheme

UNIVERSITY CLUB FOOTBALLS

4 GEORGE STREET

MANCHESTER SQUARE W.

I have of getting a petition
for Paly enfranchisement
of Women from Women
Graduates of all the
British Universities.
Quantities of illness, & some
oppositions have prevented
my doing more than talk

about it hitherto.

But tomorrow 3 or 4 friends
of my own who are keen
about it are coming
here at 4.30 to talk it
over, if possible set
about it.

A meeting of distinguished
representatives of the
various Universities would
have been better no doubt

but I have been in Italy &
too unwell & too doubtful
of getting home to attempt
to arrange that. But I
think the little meeting
tomorrow plus some
correspondence may start the
thing - & this is my last
chance of being in Town for
months.

So there are chances that you
will be able to come tomorrow
& give us the benefit of your
counsel & knowledge? Do please
come if you can.

Yours truly
Edith (Sutcliffe)
Marion
