Dear Mr. Dale

I have just opened your
Labour News & think it my
right to say that with regard
to the plan proposed by Miss
Hubbard you & Miss I have
for weeks been getting up
such a list & am just
about to publish it of course

Advised the
committee of the
K. H. Bill.

I don't wish to interfere
with your plans unless I
think it right to protest
against the idea of following
where it is well known to
you that I have ~~been~~ been
preparing the plan for
many a long day & I
therefore ask you to
send this to Miss Hubbard,

for I do think this is rather
a cool copy of a plan
you knew I had. Justing

on this scheme pay already a £1 to
collect the information.

This letter has
 just come in
 and in reply I have
 told Miss Faithfull that
 I had not the slightest idea that
 she was committing such a bit as she
 indicates, and when I had her in her
 room to describe to her what she
 had said that she did not
 recall it. As to
 the lady's contention that she
 had heard a word about it before
 and had Miss Faithfull's name
 mentioned in the P.S. of
 the letter, I should have
 been glad to hear of it before.
