Dear Miss Shackey -

I spoke to the managers of
the Temperance ^{Women's} meeting in
North Kensington - with
the result that they want
about forty ~~women's~~ free tickets
for the Women's meeting on
June 2nd. These women I
can assure you are very
genuine working women -
almost of the poorest class

Charwomen - laundry women - hawkers
- & 20 forte; but they are really
anxious about the suffrage &
very keen on trying to learn a
little more about political matters -
so I am glad they should come
& they will certainly want help
with fares. What are the

arrangements about this matter

By the way they will probably
come in a body under convoy
of their secretary & president
who are not working women

technically - but I suppose they
may sit with their friends &
I mean our real working women?

Please let me know about arrangements
and reports - If you can't let me know
by Thursday - will you write to

Miss Joyce

Yours faithfully
