My dear Miss Seruya,

15 Adam St. Strand.  
International Suffrage Shop -

I tried  
to secure a non-partisan  
personal agent - because I  
wanted to reach an audience  
indifferent - to or even opposed  
to Woman Suffrage, as well  
those earnest for the cause.  
as Miss Morris has probably  
told you I have failed to do  
so, though, through misunder-  
standing, I had announced  
Miss Dawson's name - and now  
I am falling back on your  
original offer.

Pray do not attempt at this  
late date to achieve the  
impossible. I shall not mind

engagements are few - or none.  
But I am not willing to speak ~~glibly~~  
except in a few unavoidable instances, as  
for the Fabian Society.

Please do not understand that I am in the  
least relaxed in my interest in Suffrage; but  
I have so much more I wish to urge upon  
readers and hearers that it annoys me to  
be considered either as "a Socialist" or "a Suffra-  
gite" exclusively. I am both, and glad and  
proud of it. - but also profoundly interested  
in other lines of progress. - the April Programme

I shall put your name in the April Programme  
because there is not time to wait to hear from you.  
In any case you will be willing to receive letters  
I trust.

Yours sincerely  
Charlotte Perkins Gilman.
