HENGWRT, DOLGELLY.

Dear Mr. Fawcett -

I have not seen Fouille's

article on the psychology of the
sexes in the current Revue
des Deux Mondes (Sept 15). You
do so. This is most important
paper - refuting Spencer, Lombroso
- all the rest was word to the

theory of woman being truly devalued
man. I will be with you quite
the whole way with us, he has done
us great service I think, & his
(boy) article ought to come out
somehow in England, - as it
could be well reviewed. - Frank
2 w. undertake it.

With kindest remembrance,

Yours^r F. P. [unclear]
