My dear Pippa Fryer this
fantastic paper wh. I've let
upon. Really it's rather nice.

I ~~do~~ felt that somehow I
couldn't make you understand
the other day what a pure
pleasure it wd. be to me to have
you here & look after you. but
really truly it wd. be. I'm not a
kid or good or unselfish as you
think quite the other way and
by god's sometimes runs in
directions wh. look like freedom,
so you needn't be afraid.

I had to tell you all the
circumstances for fear there
shd. be difficulties wh. would
worry you if you thought no
one else wd. be here but there's
nothing that I can't arrange. I
do desperately want you to be
here for a little while I have
still got a nice place to
entertain you et après, ça le
déluge.

So do say you'll come I shall
try & get in a time when
Helen Dudley isn't here but if

she wants to come I must
have her as she has no home
or belongings at all.

This is only a hurried scrawl
because you must get it before
Sunday. But you must really
know how much I like to
write you - more & more.
Yrs. Roger.
