LAW SOCIETY'S HALL,

CHANCERY LANE,

LONDON, W.C.

Private Address:

Seldown,

The Avenue,

Potters Bar.

Dear Madam,

Thank you for your letter & for the set of pamphlets which I asked you to send me.

I return forms of application for membership duly signed. I am a member of the Men's League for W. Suffrage, but I have no objection to being enrolled also in the books of your Society if you think it

worth while. I heartily approve of  
its object, & a hasty glance thro' the  
papers published by your Society makes  
me feel that membership of your  
Society is in no way inconsistent  
with my increasing sympathy with &  
admiration for the more militant  
methods of the W. S. P. U. I was  
at first very doubtful of the wisdom  
of the newer tactics, but I have  
gradually been forced to feel that the  
latter have splendidly supplemented  
the good work that has been done  
for some forty years.

If, as I gather, this belief is

consistent with my name being on  
your list of members, I shall be  
happy for you to reiterate me.

Please use my private address,  
as given above & on the form. I  
happened to be staying in town with  
some friends when I wrote first & hence  
gave a merely temporary address.

Again wishing you speedy success  
in your efforts, I am, Dear Madam,

Yours faithfully,

Fredk. A. Carlton Smith.
