Dear Mrs. Fawcett.

It was a joy to get a note  
from you again.

I feel very strongly on this  
matter of so-called family endowment. It is  
nothing but a proposal for pauperising outdoor  
relief.

I am glad to know that there  
is powerful trade union opposition to it.

We hope you are keeping well.

My wife joins in all good wishes and expression  
of deepest respect.

Yours sincerely

Philip Snowden
