69, EATON SQUARE,

S. W.

My dear Hon. Belisha,

I never bother a
minute if I can help it
but I am worried about
enclosed letter.

Some Agnes Hunt is one of
the most remarkable women I
know and her hospital for
training cripples is of world
wide fame. A copy of her
letter to the general in command
of the Western area explains
itself. May I ask you to

interest yourself personally
this matter? Boreatton (his
old home) is available
apparently. I used to stay at
Park Hall before it was burnt
down and I remember the
reputation of it as a camp
site.

Brogyntyn I know but
I don't know whether Billy Gore
wants to sell it or not.

Yours sincerely

Palmer of Bowdley
