Dear Madam,

I have now the pleasure to enclose the Audited Statements of Accounts for the Annual Report, which I will sign when they are returned to me with a Printer's proof for correction.

May I suggest that there ought to be some organization with regard to the Receipt Books issued to Branches. A record of those issued should be kept, & the books called in at the time of the Audit & sent with the Branch lists to be checked. This matter was discussed last year & I was under the impression the it was going to be done. Miss Cameron tells me that only a few of the Branches sent their books in.

I would also suggest that it would be a saving of time, and apparently your Book-keeper has not sufficient time for the

careful keeping of the books, if some receipt books were printed in full for the numerous 1/- and 2/6 subscriptions, there would only be the name & the date to add.

I must report that with regard to the Demonstration Fund there is over £14 charged in the Petty cash book for stamps, for which there is no voucher . I also see the Petty Cash Book has not been initialed monthly by the Hon. Treas. as arranged in my interview with the late Hon. Treas. It is usual for this to be done by way of authorizing the expenditure charged in the Petty Cash, & if I am re-appointed Auditor I shall be glad if you will kindly do this.

Should the Committee honor me by re-appointing me Auditor for the current year I shall have pleasure in serving.

I am, dear Madam,

Yours faithfully

Jessie Ormah
