

And 25c.
For Ex. Com. May (No. 12)

AL/282

9, MECKLENBURGH SQUARE,

W.C.

24 June 1907

Dear Madam,

Numbers of women are asking if there will be another march before the end of the Session.

I venture to hope your organizing Committee will consider the desirability of having another.

Judging by the increased

and growing enthusiasm of
the suffrage movement in
all classes - I find it
wheresoever I go, in shops
and drawing rooms, indeed
everywhere - it is more
than probable that the
number of women who
would march would be
doubled.

I am faithfully yours
(Mrs) Alice S. May.

The Secretary
Central So. Woman's
Suffrage.
