Dear Gertrude,

I shall be pleased to come on
April 25: for the informal discussion about the
library. — I'm having a pleasant time here.
My cousin Miss Parsons was here for 5 days, with
a car, & as she'd never been in these parts
before, we explored the country thoroughly. And
yesterday humans & Jill & all their children came
over from their cottages. — I expect I'll be back on
Monday. The wind is very cold, as it so often is, but
the sun shines.

Yours ever
Fannie
