My Dear,

I have been thinking about you all so much today
I wish I could have joined you in bidding a last good bye
to my dear friend. She was always so generously warm
hearted in her welcome & she when I came to see her.
It was her generosity of spirit which kept ^{her} ~~the~~ ~~me~~
not withstanding ten years. I have been shut up in
bed every day since last Wednesday until today when we

Doctor said I might go out for a little run if I promised
not to stay out after 10 o'clock. But I want very

much to hear of you, how you are & what you are
planning about the future. I expect Ray will be going to

pick up her children for their holidays: and on Jan 6th

Agnes & I embark on an Great Ship for Columbia. Some
Anderson is to meet us there & we come home together. ^{early in March} But I
hope I shall see you before we leave on Jan 6. With much
loving thoughts of you
Yours ever M. G. F.
