Dear Mr. Fawcett:

I think you told me last year that owing to the donations of the Donations made through me (not from me) to the Hospital for Women Sutton Road, 6 letters could be sent home annually. Last year you sent me these, signed

by yourself. If I am right that  
I can have them again, would  
you be so very kind as to send  
them when it suits your  
convenience?

Yours truly  
Alia Balfour
