February 18th 1910

Dear Miss Strachey,

I laid before the Executive Committee at their meeting yesterday the 2 Resolutions sent me on February 17th. With regard to the first the Committee instructed me to say that they do not propose to take any steps at present with regard to asking friendly members to ballot for ^a the resolutions. There is a great probability that there will be no time for private members' resolutions at all in the coming Session and until we know a little more clearly the political state of affairs the Committee do not think it wise to decide upon the matter. They will, however, bear your proposal in mind.

With regard to your 2nd proposal that the N.U. should at once form a Women's Suffrage Parliament^{ary} Committee I am instructed to inform you that they are already taking steps to form Committees in the way decided upon at their last meeting, and that they do not think it advisable to alter
