

Lawrence

AL/286D

18th January, 1912.

Dear Miss Lawrence,

Mrs. Rackham has written to tell me that she thinks you would very likely be willing to speak for us on Suffrage. Is this so, and after what date might we begin to ask you?

If you have got any time to spare do you think you could help us gather together a party of Charwomen to come to the Albert Hall Meeting? It would be very nice if we could manage something of the sort, but I think it would probably mean arranging one or two small meetings for them first to interest them in the question. I am a great enthusiast for Charwomen whom I consider the salt of the earth and as I gather from Pernel that you support me, it would be very nice if we could pull something off together.

Yours very sincerely,

P.S.
