Dear Sir.

I have received your independent request for a thanksgiving service in connection with your votes for women campaigns & it fills me with indignation. The whole of God's Revelations

to man speaks against
it. Votes for women find
no place in God's scheme,
His revealed pattern for
social & domestic order;
but you think you
know better & you think
to teach God what is best!

Your nauseating sug-
-gestion that you alone
wish to honour women
is contemptible. I can
conceive of nothing more
horrible & blasphemous

than to thank God for
the success of a scheme
wh. ignores & flouts
Him.

Words fail to describe
the utter meanness of
using the nation's dis-
-tress & preoccupation
for "meatiness" such a
measure on to the statute
book. Nothing but distress
& shame & sorrow can
come of it.

Yours truly
Arthur H. Bolland
