My dear Miss Seruya - you  
 are very kind after all my  
 stupidity and delay. I will  
 explain more fully when I see  
 you how ill I have been - not  
 ill in bed, but ill in head; dull  
 and confused, and all my plans  
 going at loose ends because  
 of it. The pit-cabled not  
 to make those cheap engagements  
 for me. I will make one or  
 two gratuitous speeches when it  
 seems right - as the Fabrian Society  
 and unavoidable supra work.  
 But - I need not more than  
 anything, and can not under-  
 take any general lecturing for less  
 than my regular rate.  
 When English speakers come

over here they get large prices - Mrs. Paulkunt  
has had up to \$300.00 - 60 L. Also I myself  
on previous visits have had some fairly reasonable  
prices, and am sure worth as much now as then.

Please don't try to work up anything for me.

If people write to you and want engagements  
tell em \$50.00 - and they will go away again!

Yes, I could lecture in England after the Congress  
if desired, but - doubt the desiring. You're

I do not come as exclusive a speaker

- that's why I put off your first kind offer.

Please forgive all my stupidities and accept thanks  
for your patience and continued interest.

Cordially - C. P. Gilman  
(Circulars are being sent to you)
