My dear Pippa.

How are you all? Shall I

see you at the Club to-morrow. I'm coming.

~~How~~ I want to tell you many things but one

can't wait - Nellie & Lottie are leaving the

Wolves and have offered themselves for Aug. I

even hope they may come to end of July

when Pam & I are here. It's such an

extraordinary piece of luck that I want to

close with it at once - as they know so well

how to run the house. Would it upset yr.

plans horribly. I've accepted them provisionally

to yr. approval. I think Ellen will be all

right with them but I don't see where

Yr. Canaille cook wh. come in. Could  
you arrange for her or is it altogether too  
exasperating and annoying to you.

Vaenasa's here for 2 days & we picnic and  
heed the whole day long. He became an  
enthusiastic worker & you can't think how  
splendid the kitchen garden is. He's planted  
hundreds of things for ~~the~~ autumn & the  
winter.
