14, HOBART PLACE,
S.W.

December 10. 1911:

Dear Mr Simpson

Sir Robert Baden-Powell

has asked leave to come

and see my slides and

photos, as he is anxious

to select one or two for
his series of lectures in
Australia. Could you
let me have any that
are ready by Thursday
morning, when he calls,

to see them. He will
have sailed before Jan. 11.
Please don't think me a
nuisance.

Could you also let me have
the negatives of Musgum
as soon as may be, and

especially of the ruined hut,
as I have sent all the illustrations
to Mr Blackwood
except that one.

Yours very truly

Olive May Lord.
