Dear Madam.

We are bringing out a new issue of our paper on May 1st under the title of the "Labour Woman". It will be on the same lines as the copy of the League Leaflet I enclose. Except that it will be somewhat larger, & wider intscope, and would, I think prove very interesting to your members. We should be very glad to send you specimen copies if you would let your branches have them, or perhaps you could tell us of a way in which we might bring the paper to their notice.

I enclose an order form & will be very glad to hear from you.
Yours truly,
Marion Phillips per M.S.
