Wed.

My dear Pippa

I have tried to telephone to you in vain several times & perhaps anyway is better write. I'm going to France on Sat. morning & would like to see you very much - you know or ought to know that it's always a pleasure to me - only you seem to want to avoid it & I always feel impatient & pushing. It would be very kind not to be able to see you do you really want it to be so. Could you lunch or tea with me to-morrow Thursday or lunch Friday. Do let me know if you will. Phone to North 443.

Yrs. Roger.
