Dear Miss Solomon,

How I wish I could be with you. Those reunions with my first Holloway friends are the most helpful, the most joyful, feasts that I know. I enjoy the least the most. But I must deny myself for one year, as I am busy getting well.

I shall think of you all and wish you the best things

on earth.

To Mr Petrick Lawrence
I look to always as the
Leader whom I am proud
to follow, in whom I place
whole hearted faith + love.

Always

Yours affectionately
