My dear Hilda

You are very good
to remember me so kindly.

I am always glad to know
about you - tho' 'sorry to
hear of the influenza. I have
lost too many friends by it -
I had deaths on both sides
of this house, but it passed
over ~~the~~ it.

I grow older & infirmer, but
continue to have good health -

I have great reason to be thankful

for good health, but the
world becomes more desolate—
However, my elder Sister,
Jane Riehy is still alive, &
I intend to get over to her as
winter is possible.

Your parents continue
well. Pray give them my
kind regards.

Yours, dear Child, ever afftely

Elizabeth
