Dearest Everybody

I contribute to will be able to get
a note through in ten days after today
as no one is going out for that length of
time. The fellow which arrived from home
arrived simply with no paper on it. He
the scraps which had fallen out - but
the hole was there so I have only
received one lot of clean washing
& nice soap in paper. I have sent
two lots to Lily but neither have
arrived clean. Someone has
sent me a night dress but very
dirty. - The first sent
has been returned to Clements.
I'm. I am quite well again
& jolly - but don't get anxious
I had received no notes
It will be some time more

difficult in the future to
get letters through at all
The short sentences will
soon have expired & if
Siemann in Hospital
become much more cut
off from the world. We
are not allowed to see
the other prisoners & if
anyone leaves that
Hospital we are not
told beyond - but
they are simply called

out & they have gone before
notes can be given -

Post Nurse Palfels is married &
a cell near & her ones are
dressed sometimes
We are all up & at last the
Doctors being unable to
trace extra food in the
ordnance portion - sends
us one too. So that we
can have letters sent
from us that kept to

Know the children are well,
Happy

With best love to all

Yours sincerely

Wm. H. Taylor

Respectfully
