Dear Mr Fawcett -

I am so much obliged

to you for sending me a copy

of Mr Fawcett's paper & so

showing me that my article

had been fulfilled - It

cannot fail to be a most

useful antidote to all

the poisonous rubbish

so diligently circulated at
this moment -

Miss Lloyd & James in
brought in a large bundle
& among their friends whom
I opened one was Prof.
Newman who was just
as a kind - He vehemently
protested that W Fawcett

had wrongfully treated W
Wallace's theories (which
are also W Newman's) as
the same as those of W
George; whereas it seems
Wallace & George were at
papers drawn! On enquiry
I detected that W Newman
had never read W Fawcett's
papers!

It is very wonderful to hear
& read all the nonsense which
is talked & written now about
land, - & the purposes for
all the voices of humanity
which are propounded / read
by men who have not the
slightest idea of the real
practical issues between
land holders - occupiers &
whose ~~views~~ ^{views} for the whole
world if possibly applicable
