Dear Miss Shackey.

Here are the  
few words<sup>\*</sup> your  
mother asked me  
for. I am not  
good at writing  
things in a hurry  
- no journalist in!

(\* not present 1996)

fact - I always want  
time to think things  
over - to improve  
and correct.

If you want these  
attended in any  
way or if at any  
time you want  
any thing written  
- my views are  
moderate - I hold  
God made the women

to match the men - with faults  
I shall be delighted to put my  
pen at your service, or my  
tongue either for that matter

Believe me

Faithfully yours
