

217 Governors Road

19th Feb. 95 AL/2188

Dear Miss Jackson,

I am so glad to have been of a little use to my neighbours & I beg you will consider yourself entitled to as much water as you require through my taps while this very severe winter holds sway.

I consider that I am at length reaping the rewards of a great deal of very expensive plumbing in that my taps are all in full, & pipes, & the top still on the kitchen boiler.

Sincerely yours,
Henri Luciel Norman
