Dear Wilfred,

I was very glad to
have Trevor's card this morning
saying you were much easier.
The paper speaks of yesterday
being the hottest day for 5 years!
I only hope we may have it
warmer soon. I am rather in
hopes you may have got out
again in the car. I am
writing early, but I think I
may perhaps sit out in the
afternoon. And perhaps

My will venture over
from New Canoe -
I am afraid she is far
from well.

There are only four people at
present in the dining room,
I like a few people, as it is
a rather lonely life for me -
A party is coming into the
dining room to-day which is
good for Emily -

My thanks to Susan for
the card & best love to you all
I am as ever your devotedly attached
sister
Essie
