15th October, 1912.

Dear Captain Taylor,

I must not leave your letter any longer unanswered, although all I can tell you at present is that the case is receiving the most careful consideration of the authorities, and that I will write to you again as soon as I have anything definite to communicate. Meanwhile, do not imagine that your letter or Mr. Wilks' case are being overlooked.

Yours sincerely,

E. Crawshaw Williams.
