My dear Miss Solomon:

I knew Olive Schreiner very well and admired her greatly. I wish very much that I might send a larger contribution to the memorial you are contemplating, but I hope you will receive the small amount enclosed with my best wishes for the success of your undertaking.

If you have any difficulty with the enclosed check, please let me know, and I will change it into English money. I have found, however, that it is quite possible to send American money this way.

I beg to remain,

Faithfully yours,

*Jane Adams*
