My dear Pippa

Last Wednesday

we went to a lecture about
Leopatra's Needle and
there was a magic lan-
tern and it was meant
on purpose for children
and he had a long pole
and he pointed out

places on the picture to then we had to have
show you what the thing common gas and then
was, at first we had de - we didn't have de-
solving views but weing views. Two other boys
couldn't afterwards be - are going to stay here
cause he had to have a in the holiday only
particular kind of gas for not at the house. There
it and alot escaped so a park here and a

hand in it and it
frags twice only and
strong enough for any
body Has the new nurse
come yet? Goodbye your
your loving brother
Ralph
