Dear Madam Mrs Rawlings

has written to say, if I applied to you, you would send the fares for me to take a party of working women to your meeting of Nov 5<sup>th</sup>. I should be able to take 12, providing it cost them nothing, It cannot be done under 8<sup>s</sup> per head, I am only a working woman myself, but being Secretary

of the B.W.T.A Battersea Branch I am always among the working women getting ~~fresh~~ new members for our branch, but of course we have no money, to spare to travel about, any future meeting I could no doubt persuade others to attend.

Yrs Truly  
A Courtney
