dearest Daisy:-

I hope all is going on well at Margate. I am
 established here & am much happier. The position is perfect
 & more quiet & the common land by where I can walk
 & have 2 nice little rooms which I can have for a
 month. Moved only just in time as Mrs H returns on
 Saturday! Oh I could not have borne to go on with the
 life of constraint. About Mrs Symington I'd write &
 ask her what chance there was there, & am writing to
 Mrs Todd to ask her address. Mrs Bridge will be
 too noisy for me. Jerry (who is here in another house)
 could go up & see Mrs Chapman. Folder's house - Hoag Lane
 or I'd see Mrs Todd. I think myself it would be
 good to go somewhere for a week and grab around
 by persistence. I don't fancy the Isis Club for I've had a
 friend here who found her ^(Mrs Haverson in some way) very busy. I'll write & see her
 we shall evolve something. Between us, we will be fully
 to be near to dear Daisy. I believe Folder's Green is the best
 thing for me. The woman Doctor who is looking after me here

Mr Haslam, a friend of several people I know, including Mr
Anderson, is going to write to her friend Mr Swanson in
Golders Green. Lucy sends her love she is available for
going up to me any place, & now I have time to turn round &
don't feel so distressed. His bachelor is very nice & bachelor like
& I can be full more on my own. I am not rejecting Mr. Isis
altogether, temporarily. I shall keep it up my sleeve.

My dear love to you both & ever so many thanks.

Always yours

B. H.

Lucy & I came to see me, & we had a nice talk.
