Dearest Mother

I will come as soon as ever I can  
but my hands are very full.  
Do not worry. I saw Nellie yesterday. She is  
well. I will look after her.  
She has paid taxes in her own right for  
years & the liberals say.

"Taxation without representation is tyranny!"  
Damn the Liberal Government. I say.  
Hampton Pym & others are being followed  
by the women today. The men do not follow

Your loving

Tom.
